CORRUPTION from page A3

day, the assets have been embezzled by U. S. Attorneys Billy Lee Barnett and Robert P. McGregor, former government U. S. Attorneys in U. S. Attorney Alice H. Martin's Office. Others involved in the scheme are Congressman Spencer T. Bachus, III's law partner, Ran-

dy Dempsey, F. B. I. Agent Jeffrey Burgess, Probate Judge O. H. Florence, trustee of Ms. Ada Jones' last will and testament, Attorney Mary Lee Abele. The culprits named are all involved in hiding her assets and last will and testament from records at the Jefferson County Probate Court.

As the recipient to the estate, I'm being held in false

imprisonment on a manufactured fraudulent indictment scheme concocted by Assistant U. S. Attorney Robert P. McGregor. The grand jury Foreman, whose name appears on my indictments (September 26, 2001 and October 31, 2001 superseding), Mr. Terrell Brett Clement, whose name appears as Foreman, is from Jasper, Alabama, signed an affidavit

under penalty of perjury on July 11, 2007 that his name is a forgery on my indictments. Mr. Clement's term in office started September 2001 and ended February 2002.

U. S. Attorney Alice H. Martin is a shame and disgrace to the profession for conspiring to keep me held in false imprisonment and for her role of conspiring to keep Ms. Ada

Jones' murder concealed by her Assistant U. S. Attorney's misconduct of embezzling Ms. Ada Jones' assets and concealing her murder.

U. S. Attorney Alice H. Martin and the culprits involved do not want the public to know the corruption that has happened at her office. My civil case number is 2:05-CV-8065 (N. D. Alabama). They

don't want the public to see my court documents on the Justice Department's website under penalty of perjury.
