All Praises to our Father in Jesus name!

GEE I am very elated to have this time to write. I received your letter this week and I would like to thank you for being so supportive in times of trouble. I have been through a lot in the years that has passed. But today I have turned everything over to "God" so that he can work it out. Its no longer I, it is (he) the (Lord) that abideth in me. I come in the name of Jesus unto thee. Thank you again.

When I receive a phone call from my grandmother Ethel Mae Dallas Barclay, she told that they had killed Ada. I asked her how she knew. She stated to me that my mother Elaine had asked her to go over to Aunties house for lunch. She said that she hadn't been over to Ada's in 30 some years to eat and that she wasn't going there.

She went on to tell me that Ada had been posion while eating Chinese food that Elaine carried over to Ada's house her and Gwen. Gwen had been staying over to Aunties house for quite some time. Gwen had been rambling throu out the house and had been transferring money from Aunties banking accounts to her daughter in Maryland Andrea Davis,

Once I returned to Bham, my grandmother Ethel told me that auntie had redone her will and Gwen told Elaine about it and the two of them didn't like what they had read. That's when Elaine and Gwen called James Mason Hardy Jr in North Carolina and he's the one brought them the passion to kill auntie.

I went to Minnie Achercumbe and she gave me information that Aubrey Bushlow had stated that the coroner investigator report stated that Ada had been in her house dead for two days or more when they picked her up. She Ada had whole crackers stuffed in her jaws where some one was forcing them in.

Auntie Mattie Clayton which was very very close to Ada was the one to tell me about Ada's will. I am sure if Alberta auntie Mattie daughter may be able to give more information on the wills. Mattie told me to go to Mary Lee because that's where she handle all her business with. And that Anne Harris Ada's mother had a lot of stock in Stockame Iron.

Ada went on to marry Chester Jones and he passed away before Ada did.

Baby, thats all I can remember right now. But I am asking "Goo" to bring it back to me.

Listen after Lola had been dead for quite a while, they ~~at~~ went and hired Terrell Sanders at 44 South Bank down town. He and Judge Reynold over the probate division handle what was left.

I hope that you will allow me to see what information you have so that my mind will be at peace. I am praying for US and ask "Goo" to show favor in our behalf.

I am back at Tatum on a medical my foot gave out on me, so I was sent back on a medical. My parole date is on June 30. If he granted I will be going to Panama City but I will stay in contact with you.

Be Blessed

In Jesus Name.

Amen.

P.S. I talked with the boys last Sunday.

Happy Father's Day!
