

EXHIBIT "A" (VI)

Reveals: ALABAMA DEPARTMENT OF FORENSIC SCIENCES (Birmingham Division) REPORT OF TOXICOLOGICAL ANALYSIS: For Mrs. Ada Lee Mays Jones (Case No: 27-89-25658).

Analysis sample of Mrs. Ada Lee May Jones revealed that at the time of her death that her blood analysis revealed 0.2 mg/dl of cocaine that was detected in Mrs. Jones blood.

Jefferson County Medical Examiner Gary T. Simmons would take a "suborn" from the corrupt F.B.I. Agents who was inculated in on the murder cover-up plan of Mrs. Ada Lee Mays Jones heinous murder so that they would receive a financial reward.

Mrs. Jones was murdered on November 14, 1988 with an overdose of powerful heart medication and cocaine that was mixed by Gwendolyn Davis into the unsuspecting Mrs. Jones Chinese food that induced a heart attack on Mrs. Jones.

Jefferson County Medical Examiner Gary T. Simmons would falsify Mrs. Ada Lee Mays Jones case summary to justify him fraudulently signing Mrs. Jones STATE OF ALABAMA DEATH CERTIFICATE FILE NO. 88-038500 to NATURAL CAUSES when-in-fact Gary T. Simmons, M.D. knew that Mrs. Jones had been murdered and he knew that he should have signed HOMICIDE on Mrs. Jones Death Certificate.

Assistant U.S. Attorney Billy Lee Barnett incultated the dirty F.B.I. Agents to order Gary T. Simmons to fraudulently make a bogus ruling on Mrs. Jones death so that her murder would not be spotlighted to the public and media which would have caused a major investigation into a rich African American heiress death when the motive would have been revealed.

Coroner Jack A. Parker who pronounced Mrs. Jones dead at her luxurious residence at 1124 24th Avenue, North Birmingham, Alabama at 6:37 A.M. on 11-16-1988 wanted no part in the murder cover-up of Mrs. Jones heinous death. Coroner Parkewould notsign Mrs. Jones death as being the physician who pronouced her dead at the death scene.

Gary T. Simmons, M.D. has hidden Mrs. Jones true medical reports of her death that would have revealed that she was murdered on 11-14-1988 with an overdose of powerful heart medication and cocaine.

There is report's that's hidden stating that approximately (36) hours after the death of Mrs. Jones someone had forced open her jaws and stuffed crackers down her throat. Gary T. Simmons, M.D. is a shame and disgrace to his profession.

EXHIBIT "A" (VII)

Reveals: Case Number: 09-13160-F at the Eleventh Circuit Court of Appeals that was a lawsuit that was filed by the petitioner against the corrupt officials.

The lawsuit was intercepted in the Clerk's Office at the Eleventh Circuit Court of Appeals and was never placed on the Justice Department website on their pacer viewer services for public viewing because it would have revealed the murder conspiracy , murder cover-up, embezzling (46) million dollar scheme of the estate of Mrs. Ada Lee Mays Jones and the fraudulent indictment scheme used by Magistrate T. Michael Putnam, Assistant U.S. Attorney Robert P. McGregor, Jr. and Deputy Federal Clerk Yolanda Berry to place the petitioner in false imprisonment.

The corrupt officials in Birmingham got major connections at the Eleventh Circuit Court of Appeals to cover for their corruption. It goes back to when "God Bless the Dead" Senator Edward Kennedy fought a hard battle to keep the State of Alabama Attorney General Bill Pryor from being appointed a Federal Judge at the Eleventh Circuit Court of Appeals.

Senator Edward Kennedy would also State that Bill Pryor would be a plant for partisan and corruption reasons in his rulings.

President George Bush would appoint Bill Pryor when the Senate in Washington, D.C. was out for a Holiday recess. Senator Edward Kennedy would have definitely blocked the appointment of Bill Pryor to be on the Bench.

The petitioner would learn that his lawsuit was being given a file number: 09-13160-F but was not being placed on the Justice Department's website for public viewing.

The Corrupt Officials plant at the Eleventh Circuit Clerk's Office would send back the petitioner a "DENIED" from a three Judge panel who had never made any rulings on the petitioner case or seen any motions from the petitioner, corruption at it's worst.

The petitioner would serve the Eleven (11) defendants Interrogative questions to be answered under the penalty of perjury whose names appears on the lawsuit with (23) defendants.

The eleven (11) defendants whose names appears attached hereto would not answer the interrogative questions from the petitioner under the penalty of perjury due to their guilty involvement in the murder conspiracy, murder cover-up, (46) million dollar embezzling scheme of the estate of Mrs. Ada Lee Mays Jones and the fraudulent indictment scheme used against the petitioner to place him in false imprisonment on a fraud scheme.

Attached hereto: is four (4) of the defendants that received Interrogative Questions from the petitioner. They refused to answer the questions under the penalty of perjury due to their guilt.

The petitioner will name the four (4) defendants that received Interrogative Questions from the petitioner and there names are as follows:

- (1) Assistant U.S. Attorney Billy Lee Barnett
- (2) Assistant U.S. Attorney Robert P. McGregor
- (3) Jefferson County Medical Examiner Gary T. Simmons
- (4) Mrs. Annie Bushelon Hol, Funeral Director at Bushelon Funeral Home.

SEE: Interrogative Questions directed to the defendants which will reveal why they refused to answer the Interrogative Questions under the penalty of perjury.

The Rules of Criminal Procedure do not permit the Defendants to plead the (Fifth Amendment), as only (11) of the (23) twenty three Defendants are presented with Interrogatory Questions, as they are central players in the Murder and cover up of Ms. Ada Mays Jones, and recipients of the estate inwhich the Plaintiff is the true heir. The Petitioner contends, evidence and witnesses support the foundation of the questions asked each Defendant, and if the Defendants do not respond to the questions, it will be deemed that they admit to the actions accused. The Plaintiff respectfully asks this Court for (30) thirty days to allow the Defendants to respond with their answers from the questions presented. The Defendant respectfully requires that the answers be submitted directly to the Honorable United States Court of Appeals, as well as the Plaintiff, as the information will be forwarded to the Honorable Office of the United States Attorney General just as this entire case has been presented thus far.

Question (1)

In December of 1988, you were employed to Regional 6 for the Northern District of Alabama as Supervisor over the Special Litigation Department for the United States Attorney's Office. Asst. U. S. Attorney Billy Lee Barnett and Burgess interceded on the Birmingham Homicide Division, Jefferson County District Attorney's Office, Coroner's Office murder investigation of Ms. Ada Lee Mays Jones. Why did you freeze the estate assets of Ms. Ada Mays Jones records at the Jefferson County Probate Court?

Question (2)

In February, 1990, you received a letter at the U. S. Attorney's office and also Probate judge Orris H. Florence from CPA Gerald Lee Vines instructing you to release the assets in the estate of Ms. Ada Mays Jones to the rightful heirs, Mrs. Iris Chinesa Hardy Fagnes and Mr. William Anthony Fagnes to allow them to pay their back taxes. In your response, you threatened the life of Mr. Gerald Lee Vines with a \$50,000.00 dollar contract on his head. Your reason for doing so was to suppress and conceal the estate of Ms. Ada Mays Jones. Were you planning to use money from the Ada Mays Jones estate to pay the \$50,000.00 dollar contract to take the life of Mr. Gerald Vines?

Question (3)

What was the names of the F.B.I. agents that you sent to CPA Gerald Vines office between February and March of 1990 to threaten his life if he exposed a word about the estate of Ada Mays Jones, that he received regarding the value of the estate being more than (46) thirty five million dollars in assets that consist of real estate, stocks, Bonds, Bank Accounts, Jewelry, Furs etc.? The F.B.I. agents went to his office with guns drawn, can you identify these men?

Question (4)

Murder does not have a statute of limitations, as it is a Capital offense. Considering the Plaintiff has charged you and your criminal enterprise who are; F.B.I. agent Burgess, Asst. U.S. Attorney Robert McGregor Jr., Randy Allen Dempsey, Jr., Congressman Bachus III, Attorney Mary Lee Abele, Judge Orris H. Florence, Attorney William Dawson and support personal, are you prepared to defend your actions, or prosecute the Plaintiff for perjury?

Question (5)

You are being accused of concealing Ms. Ada Mays Jones murder with your other aforementioned partners in a conspiracy to embezzle her estate. As you know, Ms. Ada Mays Jones was a wealthy highly respected Christian at the age of 69 years old. Can you tell this Honorable Court where the last will and testament is that you have ordered concealed to hide her true asset value under the penalty of perjury?

Question (6)

Have you given anyone bribes to suppress and conceal the estate information regarding Ms. Ada Mays Jones estate to any F.B.I. agents, Federal Judges, Appeals Court Judges, Probate Judges in the eleventh Circuit, or Mr. Stockham for any reasons related to the estate of Ada Mays Jones, or to assure an indictment was secured to silence the Plaintiff from exposing these facts?

Question (7)

You have created a fraudulent indictment, and conspired to forge the foreman, and even my signature on a plea agreement in order to cover up the murder and the estates true value. Why did you allow the fact that a 69 year old Christian woman be murdered, with a medication mixture with "cocaine" or not investigate this obvious murder if you were not directly involved with the conspiracy?

Question (8)

Name the last time you have been in contact with former Attorney General of the State of Alabama, Bill Pryor. He is now the 11th Circuit Appeals Court judge. When was the last time you have had contact with him?

Question (9)

In the year 2003, Mr. Timothy Barker, from the Securities Exchange Commission located in Atlanta, Georgia on Lenox Road opened an investigation regarding the Stocks and Bonds related to Ms. Ada Mays Jones, that she bequeathed from her mother, Ms. Anna Wilson Harrell, a former employee of Stockham Valve Pipe & Fittings, Inc., presently operating under the name, Crane Valve of North America, head office now in Dwoodland, Texas. Due to the amount of fraud and manufactured evidence apparent in the investigation, the Securities and Exchange Commission was about to indict Attorney Randy Allen Dempsey, Jr., Asst. U. S. Attorney Robert P. McGregor, Jr., F.B.I. Agent Jeffery L Burgess and yourself. Can you explain why that investigation came to a silent halt?

Question (10)

As you are aware, Ms. Gwendolyn Davis was the architect of the poisoning of Ms. Ada Mays Jones. Exactly (21) months after Ms. Ada Mays Jones burial, in your efforts to use your office and its powers to cover up the trail of money that leads back to Mary Abele, William Dawson, Orris H. Florence, Iris Elaine Hardy McNabb and Gwendolyn Davis. Can you explain why you appeared at the home of Ms. Ada Mays Jones 1124- 24th Avenue home (21) months later, with Congressman Spencer T. Bachus III, Randy Dempsey and F.B.I. Jeff Burgess?

Question (11)

As you know, Ms. gwendolyn Davis and Ms. Elaine Hardy McNabb were two nieces of Ms. Ada Mays Jones. As you know, they were the operators who put the poison in the food that was found in Ms. Ada Mays Jones system. Why did you order both of the nieces "not to be home" when Congressman Bachus and Randy Dempsey arrived at the house with you in 1990?

Question (12)

Please present a copy of your financial statements, property owned, stock options, asset reports, tax statements and any major purchases before 1988, and a copy of the exact same information after 1990. Did you make any other investments that were not listed between 1988 and 1990 until today?

Question (13)

Have you ever received any money from any of the aforementioned co-conspirators mentioned herein for any reason at all related and or unrelated to Ms. Ada Mays Jones estate, or Stockham Valve Pipe & Fittings, Inc. or North American, Crane Valve, the extention of SVP&F, Inc.?

Question (14)

Ms. Annie Mae Bushelon assisted Ms. Iris Elaine Hardy to forge the name of her daughter for insurance purposes. Did you receive any money from the insurance company, and or the funeral home during that time?

Question (15)

In 1989, Ms. Iris Elaine Hardy forged the name of Iris Chinesa Hardy to claim the insurance policy of Ms. Ada Mays Jones. Why would Iris Elaine Hardy give you and anyone else a portion of the \$350,000.00 that was received from the insurance policy of Ms. Ada Mays Jones?

Question (16)

To keep the original murder of Ms. Ada Mays Jones quite, Iris Elaine Hardy was shot in the back, and in the back of her head because she would not be threatened out of the scheme by Attorney Robert Dempsey who wanted her percentage of the (35) thirty five million dollars from the estate of Ada Mays Jones. Was this the motive for her murder?

Question (17)

Asst. U.S. Attorney Billy Lee Barnett, as a matter of record, you have had over twenty years to enjoy the assets of Ms. Ada Mays Jones estate along with your co-conspirators. You have managed to use Jim Crow laws and tactics to cover up the initial murder, then the assassination of Elaine with the full support of Congressman Bachus III, as your power base. Will you be honest and up front in providing the answers to the aforementioned questions that you have being presented to you today?

Question (18)

Asst. U.S. Attorney Barnett, when you intervened on the State of Alabama murder investigation in December 1988, can you explain why you froze the estate of Ms. Ada Mays Jones at the Jefferson County Court?

Question (19)

When you interceded at the State of Alabama investigation, why did you freeze the estate of Ms. Ada Mays Jones (46) million dollar estate at the Jefferson County Probate Court?

Question (1)

Your office manufactured a fraudulent indictment on September 29, 2001 in LaGrange, Georgia to remove me from exposing the embezzlement of the estate of Ms. Ada Mays Jones. On October 2, 2001, a Rule 40 hearing was held at the Richard B. Russell Building at 75 Spring Street, Atlanta, Georgia 30303, where the Plaintiff was charged with attempting to purchase (29) kilos of cocaine [Drugs that I have never seen or even knew existed are what I was indicted on] less than \$7,000.00. At 10:31 a.m., your office sent over an indictment with no signature's attached from the foreman or U.S. Attorney. The indictment had no case number or docket number to attest that it was a true bill. The indictment only had your signature on it, Asst. U.S. Attorney Robert P. McGregor. Question (5)

In August of 1990, why was your presence required to meet at the home of Ms. Ada Mays Jones at "9:00 p.m." with Congressman Bachus III, Randy Dempsey and Jeffery Burgess?

Question (6)

Were you a willing participant, or were you forced to participate in the cover up of the murder of Ms. Ada Mays Jones and Ms. Iris Elanie Hardy?

Question (7)

Have you received any money from the estate of Ms. Ada Mays Jones, directly or in-directly from any of the co-conspirators mentioned in this law suit, or any other insurance, banking or under ground entities?

Question (8)

What arrangement did you have with Ms. Yolanda N. Berry in having the Plaintiff arrested on September 29, 2001 in LaGrange Georgia?

Question (18)

It has been established why you and your co-defendants have conspired to frame the Petitioner to spend many years in prison; to enjoy the proceeds from the estate of Ms. Ada Mays Jones in peace. Evidence provides, the indictment that was presented in case CR-01-414-01 has the signature of Terrell Clement. And you answered, "the police present on September 7, 2001 will agree with agent Bartholomew's version of the events, and the witnesses will say whatever we want them to say, and we will bring snitches from prison and lie on you for a time out, and you will be convicted. And once you are in prison, whatever you file with the courts in the District or Appeals, it will be denied. Now that all the evidence has been collected that points to you and your office that a conspiracy to embezzle the estate of Ms. Ada Mays Jones was your motive to set me up, are you willing to take a polygraph test to answer questions regarding these statements and facts?

Question (23)

On March 18, 2002, you stated at the plea hearing that you have pictures of the Plaintiff standing at the back of a car holding a box that contained drugs. Can you produce a picture of this event?

Do you believe, now that you have been exposed, the evidence in hand, that they will lie for you regarding all the evil and corrupt actions that you have committed over the years?

Question (28)

McGregor, the last Will of Ms. Ada Mays Jones has surfaced. The records reveals your boss as Supervisor along with co-conspirators. Asst. U.S. Attorney Barnett froze the estate to allow you co-conspirators time to execute what you "thought" was the perfect crime. Some of the Defendants have aid and abett to create a fraudulent indictment.

Pursuant to Rule 26.1, this rule allows the Defendants the opportunity to tell the truth before this Honorable Court under the penalty of perjury, as evidence and witnesses have already verified and documented events and other pertinent information that qualifies the Defendants are participant's in the Continuing Criminal Enterprise operating "Under the Color of Law".

Jefferson County Medical Examiner, Gary T. Simmons, M.D. Corner's Office
1515 6th Avenue, North
Birmingham Alabama 35233

Residence: 2109 Lerk Spur Lane
Birmingham, Alabama 35226

Medical Examiner, Dr. Gary T. Simmons, I would like to request that you answer the following questions related to the murder cover up of Ms. Ada Mays Jones and embezzlement of her estate that exceeded (35) million dollars, November 1988, at the time of her murder conspiracy.

Question (1)

Dr. Gary T. Simmons, your name appears on Ms. Ada Lee Mays Jones Death Certificate: State of Alabama registered under, State File Number: 88-038500 Date of Birth December 23, 1919, Social Security Number 416-14-7012, and on line 35c., your name appears as the certifier who signed on line 29 of Ms. Ada Mays Jones death certificate as "Natural Causes". Dr. Simmons, would you confirm that you are the physician who signed Ms. Ada Mays Jones State of Alabama Certificate of Death as "Natural Causes?"

Question (2)

Dr. Simmons, on line 34a., 34b of Ms. Ada Mays Jones State of Alabama Certificate for Death reveals that Ms. Ada Mays Jones was pronounced dead at 6:37a.m. on November 16, 1988, on line 35a. It states, "certifier-physician, Medical Examiner- coroner or health officer. Your name appears, typed in, as the physician who pronounced Ms. Ada Mays Jones dead. In section 35d, on January 12, 1989, you signed as certifier of Ms. Ada Mays Jones. But, no name appears for the physician who pronounced Ms. Ada Mays Jones dead. And, on line 25, reveals the name Gwendolyn Davis as the informant who gave you the information regarding the the death of Ms. Ada Mays Jones, as Gwendolyn Davis was the actual murder of her aunt, Ada Mays Jones. Asst. coroner Jack A. Parker did not sign at the scene of the crime because he knew that it was suspicious. Was the deputy coroner, Jack Parker unwilling to sign the death certificate due to the fact that he knew that Ms. Ada Mays Jones "did not" just die recently?

Question (3)

On State File #88-038500, certificate of death, deputy Jack Parker appears nowhere on the death certificate being the first one on the scene. Is this a correct statement Dr. Simmons?

Question (4)

On line 25, on Ada Mays Jones death certificate, Gwendolyn Davis name appears as the person who gave officer Richard Landers a story about Ada Mays Jones dying around 5:45 a.m. on the morning of November 16, 1988, and that Ada Mays Jones took some stomach medicine called Phenegran, in the records that you have surrounding the "particulars" surrounding death "file No. 88-1771." Dr. Simmons, your name is typed in as the pathologist, and there is no signature of a (yes or no) for the autopsy. There is no indication related to the manner of death. Where it states the condition of the premise, the word "unremarkable" appears. Meaning the home was not remarkable, extraordinary, marvelous, special or unforgettable, wonder and or outstanding. Dr. Simmons, it was common knowledge that Ms. Ada Mays Jones has won numerous State Wide awards for her home decor. Can you explain what was "unremarkable about the location?

Question (5)

On the case 88-1771 file, the time last seen alive "is blank". According to officer Richard Lander who gave the information to Jack Parker, who was at Ms. Ada Mays Jones home first, coroner Parker pronounced Ada Mays Jones dead at 6:37 a.m. on November 16, 1988. Isn't it strange for Ms. Ada Mays Jones to be alive and alert at 5:45 a.m. taking medicine in her home on November 16, 1988, and in 52 minutes, Ms. Ada Mays Jones died, the coroner was called, the coroner came to the house, the police was called after 6:15 a.m., and no ambulance. Dr. Simmons, the mere fact that Coroner Jack Parker arrived to the home of Ms. Ada Mays Jones and states, "the body has been dead for at least 36 to 48 hours determined by the rigormortis that has set up in her body. In consideration that the officer Landers was dispatched after 6:15 a.m. to the home of Ada Mays Jones and noticed a Carraway Hospital emergency band on her arm from 10:35 p.m. and released at 11:19 p.m., the time lines just don't add up.

The time line in question; according to Gwendolyn Davis...

- 1) At 10:35 p.m. on November 15, 1988, Ada Mays Jones was alive and well resting on a stretcher at Carraway Hospital, and discharged at 11:19p.m. in less than 45 minutes. And was to return to the emergency room if the conditions got worse. The records reflect a possible "food poisoning", or "gastroenteritis."
- 2) As you well know, Carraway Hospital is a run down hospital for the general public, and Ms. Ada Mays Jones was the wealthiest African American woman in Alabama in 1988. She would never go to that hospital in life.
- 3) On November 14, 1988, according to the time line that coroner Jack Parker states from his expertise that Ms. Ada Mays Jones died. The cause of death reveals that it was a mixture of a powerful medication and "cocaine", in Ms. Ada Mays Jones stomach and in her system.
- 4) On the section, Particulars of Death, where the documents states "scene visited" there is a "NO" in that space. Which is true, because Jack Parker who pronounced Ada Mays Jones dead, never signed her death certificate.
- 5) Jack Parker did not sign anything related to the death of Ms. Ada Mays Jones and has remained incorruptible to the point that he called for an investigation.
- 6) The local F.B.I. interceded in on the Jefferson County U.S. Attorney's Office where the murder investigation started due to two conflicting autopsy statements.
- 7) The F.B.I. agency in Birmingham, and the U.S. Attorney's Office in Birmingham stepped in to cover up the murder to take control of the estate of Ms. Ada Mays Jones (35) million dollars and assets.
- 8) On November 17, 1988, I received a return call from Jack Parker which stated, "I have never seen a murder such as this", to my wife and I at our home in Perrine, Florida.
- 9) On November 17, 1988, after one day, my wife received a call (1) day after Jack Parker pronounced Ms. Ada Mays Jones dead, my wifes Grandmother would report the death to her sister in law. It was strange for the Grandmother to call and report the death a day after.
- 10) Ethel Mae Dallas Hardy then stated that Iris Elaine Hardy and Ethel Mae, (the Grandmother) had dropped off some Chinese Food to the home of Ms. Ada Mays Jones on November 14, 1988, at her residence located at 1124-24th Avenue, North Birmingham, where Ada Mays Jones was working in her yard. This was Ms. Ada Mays Jones past time, and has many awards for her efforts.
- 11) Ms. Ada Mays Jones had no heart problems in her entire life, and was the picture of health for a 69 year old woman, in great shape.
- 12) Gwendolyn Davis told officer Landers a story about Ms. Ada Mays Jones going downtown to pay some bills, and stopped in an unknown Chinese restaurant and ate some rice, chicken and egg rolls, and within two hours, she was dead and had experienced nausea, vomiting and stomach cramps.

- 13) On November 16, 1988, when Jack Parker and yourself began to do the autopsy, a few hours after Parker pronounced Ada Mays Jones dead at 6:37 a.m.
- 14) Captain Robert L. Walker , from the Birmingham Police Department stated that "foul play is evident in Ada Mays Jones death".
- 15) The Birmingham Police Department Homicide Division's detectives would start an immediate investigation upon request from the Jefferson County coroner's office.
- 16) The Birmingham detectives would question neighbors about the last time they saw Ada Mays Jones alive. All the neighbors stated that they saw her working in her garden as usual, and two ladies drove up in a Blue Nissan Station wagon and blew the horn. Gwendolyn Davis came out of the house and get what appears to be Chinese food, and Ada Mays Jones would go up to the car and chat with the ladies in the car for a few minutes. This supports Jack Parkers time line as to when Ada Mays Jones died, November 14, 1988.
- 17) Following the November 16, 1988 autopsy, you sent blood sample to the Alabama forensic Science lab on November 18, 1988, where it was reported that a powerful medication and cocaine mix was found in Ms. Ada Mays Jones blood. It also reveals that food was stuffed in the mouth of Ada Mays Jones, which includes crackers that were forced down her throat.
- 18) After the coroner's office inwhich you were employeed, received knowledge that cocaine was found in the blood of Ada Mays Jones, you tried to contact the home of Ms. Ada Mays Jones to retrieve the Chinese Food. Gwendolyn Davis would inform you that the garbage was taken out and it was taken away. The garbage was picked up on November 15, 1988
- 19) Carraway Hospital was contacted seeking information regarding Ada Mays Jones due the fact that she had on a wrist band. Carraway reported that they had no record of Ms. Ada Mays Jones ever visiting or checking into that Hospital.
- 20) Dr. Simmons, with all these inconsistencies, you chose to state that the death of Ms. Ada Mays Jones was that of natural causes.
- 21) As a matter of record, the pages that are stating the Particulars Surrounding Death, the niece stated that there were no bowel movements. Can your office furnish the following pages that are missing in document 88-1771 starting with page (2) ?

Question (6)

On November 18, 1988, you released Ada Mays Jones to the Alabama Department of Forensic Science (Birmingham Division) for a report of Toxicological analysis, which received case number 27-89-25658.

The report from Mrs. Marilyn Hall and Mr. Alan J. Lee reported that on December 30, 1988, an analysis sample showed the following results:

1) Ethanol	Acid /Neutral	Cocaine		
(g/100ml)	(Drugs)	02.MG/dl		
ND	ND	02.MG/dl	ND	Blood
ND				Vitreous
				Liver

Your Office received a full Forensic Science report on January 3, 1989, that was signed by Toxicologist, Dr. Joerg N. Pirl, DABTF Toxicologist II. The Plaintiff would like you to explain who made the recommendation to send Ada Mays Jones to the Forensic Science Laboratory, and can you provide a full documented report of Case #:27-89-25658?

Question (7)

On November 16, 1988, you ordered an autopsy, without the consent for Ms. Ada Mays Jones. ^{family} you received ^{no} consent, within hours, you performed that autopsy, is this correct?

Question (8)

On January 13, 1989, you filed a case summary for Ms. Jones ^{family}, regarding her death. This examination revealed the presence of purulent pericarditis, which ^(pus) would be the inflammation around the heart, then you stated that descendent was noted to have a normal temperature when she visited Carraway Hospital the day before she died. Mrs. Buelah, the supervisor of records stated that she can go back 30 years, and can find no record of Ms. Ada Mays Jones ever entering Carraway Hospital. Mrs. Buelah searched any and all records with Ada Mays Jones Social Security Number, Date of Birth, Residence and Insurance, but there was no record of her existence. Can you produce any medical records regarding Ms. Ada Mays Jones referring to her temperature being 97, and discharged at 11:19 as you stated? (If the answer is yes, please submit a copy)

Question (9)

Can you produce any records of Ms. Ada Mays Jones entering or exiting Carraway Hospital at any time in her life? (If the answer is yes, please submit a copy.)

Question (10)

Can you produce a record of an ambulance record of any kind taking Ms. Ada Mays Jones to or from the Carraway Hospital on November 14, 15, 16, or 17th, 1988?

Question (11)

From your case summary of Ada Mays Jones, Dr. Simmons, in your report, Carraway Hospital stated, "Ms. Ada Mays Jones was alert and cooperative and at no time in any danger while resting on a stretcher. The Hospital checked her chest area and it was clear, her heart had no gallops or ribs. They checked her skin, there were no signs of turgor or rash, they checked her abdomen, it reveals decreased bowel sounds and was completely soft with no mass and no peritoneal signs. The Hospital checked her neuro and it was intact with no lateralizing signs. The Hospital checked her pulse and it was 120, and her blood pressure and it was 120/84. While in the emergency room, Ada Mays Jones was given Vistaril 50VA which is an antihistamine used for nausea and vomiting, with rx of 6 Phenegran 25 mg. Suppose to be taken every four hours rectally for nausea and vomiting. She was to be on a diet of clear liquid. You said, the Hospital stated that there was a dx of possible food poisoning/ gastroenteritis. This report was made by deputy coroner Jack Parker. Can you state for the record the correct date that the Particulars Surrounding Death of Ms. Jones was made out by the Jefferson County coroner Jack Parker?

Question (12)

Can you produce any of the records that Carraway Hospital presented to you with signatures with Dr. Hoyt Price on November 15, 1988 for attending Ms. Ada Mays Jones in the emergency room at Carraway Hospital?

Question (13)

Ada Mays Jones had a thorough medical history from Lloyd Nolan Hospital in Fairfield. She has records of normal and regular check-ups. Considering there was cocaine found in the body of a 69 year old woman in perfect health, did you ever make contact with her "regular doctor"?

Question (14)

Are you aware that perjury in a criminal investigation can carry ten years in prison and you will lose your medical license?

Question (15)

Dr. Simmons, you stated that Ada Mays Jones was 67 inches, and 148 lbs., a black female who looked slightly younger than her age. You stated that the report was "remarkable", for a trace of less than .02mg/dl of cocaine within the blood. Then you stated that cocaine has been associated with adverse cardiovascular effects, including coronary artery vasospasm. Therefore, you stated that this could contribute to Ada Mays Jones heart problems. If this be the case, how could you possibly state that Ms. Ada Mays Jones died of "natural causes"?

Question (16)

In your external examination, you stated that Ada Mays Jones mouth was endentulous, which means no teeth in her mouth. And, there were soft white food particles in her mouth. This appears to be that of crackers. From your observation, does it seem as if the crackers were entered into her mouth before or after her death?

Question (17)

In your investigation, on Ada Mays Jones external, you stated that there was a wrist band with the name, Hospital registration number, and Dr.s name should all be on the band. Do you have any pictures or information regarding the I.D. number of the patient? (If yes, please provide.)

Question (18)

Murder is a Capital offense. To aid and abet as a professional in any individual field qualifies anyone who aids and abets as a principle. Being that a Capital offense carries no statute of limitations, are you aware that by supporting the cover up of a murder, you are liable as a leader or one of the principles of the orchestration of the murder?

Question (19)

Dr. Simmons, are you aware that the records reveal that the Jefferson County Coroner's Office released Ada Mays Jones body to Bushelon Funeral Home, and the report stated that Ms. Ada Mays Jones had been dead for at least 36 to 48 hours before they arrived?

Question (20)

Dr. Simmons, witnesses who lived next door and across the street from Ms. Ada Mays Jones last witnessed Ada Mays Jones alive on November 14, 1988, when she went in to eat the chinese food that was dropped off to her home. The deputy coroner, Jack Parker stated that Ada Mays Jones body was dead at least 36 to 48 hours before his arrival on November 16, 1988, 6:37 a.m. Will you confirm or deny that the coroner report states that the body had been dead for at least 36 to 48 hours?

Question (21)

Dr. Simmons, are you aware that the Hospital information that you proclaimed to have regarding Ms. Ada Mays Jones was fraudulent. This is the reason that I would like for you to produce the information regarding the wrist band. What you are telling this Honorable Court is the descendant, Ms. Ada Mays Jones was dead and alive at the very same time. Are you prepared to be charged as a principle, or are you prepared to reveal what influenced you to participate in the fraud scheme to embezzle the (35) million dollar estate of Ms. Ada Mays Jones?

Question (22)

Dr. Simmons, are you aware that deputy coroner Jack Parker did not sign the coroners report because he did not know the exact time of death and or the reason for Ms. Ada Mays death. His statement to the Plaintiff, "he had never seen a murder such as this", means, he thought Ms. Ada Mays Jones was in fact murdered. Obviously, Jack Parker did not take a suborn, or had any intent to become a part of a murder cover up, and therefore, as the first person to respond to the call, even before the ambulance was called, there is nothing that he would sign for in the report. If Ms. Ada Mays Jones was pronounced that she was murdered, this would have initiated a Statewide investigation that the co-conspirator's could not internally control. Is this the reason that you conspired with this Criminal Enterprise operating under the color of law, to keep this information out of the media and responsible authorities hands?

Question (23)

Dr. Simmons, can you produce the murder investigation reports dealing with the Birmingham Homicide Division? (If yes, please attach the documents)

Question (24)

Dr. Simmons, do you know any of the following individuals;

- 1) F.B.I. agent Jeffery L. Burgess
- 2) Attorney Randy Allen Dempsey, Jr.
- 3) Congressman Spencer T. Bachus III
- 4) Asst. U.S. Attorney Robert P. McGregor, Jr.
- 5) Asst. U.S. Attorney Billy Lee Barnett
- 6) Attorney William (Bill) Dawson
- 7) Probate judge Orris H. Florence
- 8) Birmingham Police Chief Robert P. Walker - Homicide Division

Question (25)

If you know any of the aforementioned individuals, can you explain your relationship with each one, and when was the last time that you came in contact with them?

Question (26)

Have you ever received any money, gifts or a suborn from any of the aforementioned people who are listed above?

Question (27)

Were any of the individuals mentioned above affiliated with the murder investigation of Ms. Ada Mays Jones directly or indirectly at any given time?

Question (28)

Did you ever contact the Birmingham, Alabama police department, Homicide division and report anything related to foul play regarding Ada Mays Jones?

Question (29)

Dr. Simmons, you are aware that a coroner has the capability to tell how long a person has been dead, almost to the exact hour. Jack Parker was able to recognize this from the very beginning of his investigation on the scene. As you know, a Forensic Scientist was called in on this case because of what was found in the blood stream of Ms. Ada Mays Jones. It is possible for them to tell what food was eaten days before her death, and if cocaine was eaten, smoked, shot up snorted or otherwise. The forensic scientist can also tell what kind of drugs, and how much of those drugs were in the body of Ms. Ada Mays Jones even today. In your conclusion of the autopsy of Ms. Ada Mays Jones, you stated that she was prescribed many different medicines at Carraway Hospital, and she was to take them every four hours. But, when the Forensic Scientist Toxicology report was returned, it "did not" register any of these medicines in Ms. Ada Mays Jones body. Could this mistake be due to the fact that she was already dead, or you have just been caught up in an unraveling murder conspiracy?

Question (30)

Dr. Simmons, everything that you have just reviewed, there is evidence here to back up. Even if you don't have evidence to clear your name, we have evidence to include you name. These questions have reflect views that will either include you in the murder conspiracy, or exclude from the murder conspiracy. Will you like to submit the aforementioned documents and answer the questions honestly, or should this Honorable Court subpoena the documents and order you to testify before a Grand Jury and the Honorable Department of Justice office under the direction of Attorney General Eric Holder who fully understands Jim Crow Law?
